

PREMIER'S FUNERAL.

A Large Crowd Follows Sir John McDonald's Remains.

GREAT RUSH FOR A LAST VIEW.

Solemn Scenes Along the Line of March—The Dead Statesman Accompanied Every Honor—Military and Public Functionaries in the Procession—A Truly Noble Tribute.

OTTAWA, Ont., June 10.—There was great excitement at the entrances of the entire block early this morning, as thousands gathered to view the face of the late premier for the last time. The entire space in front of the Parliament buildings was one vast sea of humanity, and the crowd extended down across Wellington street, and even the side streets were crowded with an anxious multitude.

All along the route of the procession thousands were gathered, and movement along the sidewalks was impossible. The scene was a solemn one. The draped fronts of the buildings were in unison with the dark apparel of the crowds and the heavy mourning of the funeral cortege. The governor general, accompanied by his staff, met by the ministers, and together they entered the draped chamber, which was literally covered with floral tributes. Six stalwart policemen raised the casket shoulder high and conveyed it down the broad flight of steps and placed it in the hearse. His excellency and staff followed the remains from the Senate chamber to the hearse. As the casket was placed in the hearse the large bell in the tower tolled dismally, and immediately a hundred church bells and minute guns added their doleful music to the strain. This was kept up during the funeral's progress.

FUNERAL CORTAGE.

The cortege was then formed. First came a squad of Dominion police in heavy mourning. A contingent of the Princess Louise dragoons followed on horseback. Then came detachments of foot guards and soldiers; officiating clergymen; undertakers; pall bearers; members of the Cabinet; carriages filled with floral tributes; the hearse; two coaches filled with mourners; governor general and staff; lieutenant governors of provinces; clergy, headed by Archbishop Duhamel; members of the late ministry; members of the Senate and House; members of provincial governments and assemblies; consuls of foreign powers; members of all civil service and railroad officials; mayor and corporation of Ontario, and a host of political clubs in private carriages. The cortege was the largest ever seen in Canada, and was truly a noble tribute to the dead.

OFFICIAL CROP REPORT.

Increased Acreage of Barley—A Fine Prospect for Wheat.

WASHINGTON, D. C., June 10.—The June report of the Statistician of the Department of Agriculture makes the area in winter wheat as compared with the breadth harvested last year 111.5, spring wheat, 103.4; barley, 107.1; rye, 101.5; oats, 97.9.

Condition—Winter wheat, 90.6; spring wheat, 92.6; barley, 90.3; rye, 95.4; oats, 85. In comparison with 1889, the increase in wheat acreage is quite moderate. The condition of winter wheat has declined only one point. The average of New York is 96; Pennsylvania 97; Georgia 98; Texas 98; Ohio 99; Michigan 99; Indiana 99; Illinois 98; Missouri 99; Kansas 95; California 97.

Broth in May has greatly injured the entire Atlantic coast. The increase in acreage of barley is general in almost every section where it is grown, and especially marked in the States of the Ohio Valley, in Wisconsin and California.

PETROLEUM PRODUCTION.

Seven States are in It—Big Output of the Greasy Fluid.

WASHINGTON, D. C., June 10.—The Census Office has issued a bulletin on the subject of statistics of petroleum production, showing that petroleum was produced in eleven States in 1889, namely, Pennsylvania, New York, Ohio, West Virginia, Colorado, California, Indiana, Kentucky, Illinois, Kansas and Texas. The total production is shown to be 34,820,396 barrels, valued at \$426,641,032. The returns show that of the total product of petroleum 109,891 barrels were disposed of for lubricating, 12,330,813 for fuel and 22,379,002 for illuminating purposes. Nearly the entire amount produced in California, Indiana and Ohio was used for fuel, while nearly the entire amount produced in Colorado, New York, Pennsylvania and West Virginia was used for illuminating purposes.

The production by States was as follows (barrels of forty-two gallons): Pennsylvania and New York (Bradford and Allegheny field being one), 21,480,403 barrels; Ohio, 12,471,065; West Virginia, 358,280; Colorado, 316,476; California, 147,027; Indiana, 32,578; Kentucky, 5,000; Illinois, 1,400; Kansas, 500; Texas, 48.

The Growing Crops.

CHICAGO, June 10.—The Farmer's Review reports the condition of winter wheat for the week as average or above in all winter wheat States except Wisconsin, where only two counties report an average. Corn is doing well, and promises an average crop in all the winter wheat States except Kentucky and Michigan. Oats are in bad shape in Ohio, Indiana, Illinois and Kentucky. In other wheat States they are reported good to average. Spring wheat is reported as thriving in all States except Kansas, where it is fair.

The Cumberland Coal Trade.

CUMBERLAND, Md., June 9.—The shipments from the mines of the Cumberland coal region for the week ending May 30, 1891, were 89,903 tons, and for the year 1,805,075 tons, an increase of 39,819 tons, as compared with 1890. The shipments by the Baltimore & Ohio railroad were for the week 64,716 tons, and for the year 1,713,888 tons; an increase of 166,527 tons, as compared with last year. The shipments by the Pennsylvania railroad were for the week 25,188 tons, and for the year 633,087 tons, an increase of 14,001 tons, as compared with 1890.

Caught on the Fly.

CHICAGO, O., June 10.—Dennis O'Brien, bookkeeper for George C. Harrison, Church street, Philadelphia, embezzled a sum of money and ran away. He was arrested here yesterday.

L. S. Good sells dry goods the cheapest.

FOUL ASSASSINATION.

A Mississippi Tragedy That Comes Near to Breaking the Record.

NASHVILLE, TENN., June 10.—A special from Canton, Miss., says that there occurred fourteen miles south of that point, last night about 9 o'clock, one of the foulest assassinations known to the annals of crime. Constable B. F. Reed being the victim of the fiendish deed. Yesterday Jim Harris, Jr., and Archie Green had a difficulty in which the former shot the latter in the leg with a shot-gun. Harris made affidavit against Green before Justice Galloway, charging him with an attempt upon his (Harris) life.

Upon investigation, the facts showed that Harris acted in self-defense and he was discharged. Green, although shot by Harris, was bound over for his appearance before the circuit court and was placed in custody of Constable Reed, who took him in a buggy and proceeded home, intending to keep him there over night and bring him to Canton to lodge him in jail to-morrow (the distance is four miles), and when within a quarter of a mile of Reed's residence Reed got out to open a pasture gate, leaving the wounded prisoner in the buggy. While shutting the gate he was shot by a concealed assassin in a brush thicket ten yards distant, nine slugs entering his body, causing almost instant death.

Jim Harris, the father of the man with whom Green had the difficulty, was heard to swear vengeance yesterday against the latter, and is now under arrest. Eight additional parties are suspected and were arrested.

TERRIBLE FLOODS.

Havoc in the Valley of the Red River. Dwellings Swept Away—Loss of Life.

ANDOVER, I. T., June 10.—Reports received here give heartrending accounts of fearful havoc to both life and property in the overflowed valleys of the Red river in Texas and the Territory. Since Sunday the river has been higher than known for years. Dwelling and business houses have been swept away, crops destroyed and stock of all kinds drowned. A flatboat containing several men who were endeavoring to rescue families who had sought safety upon the tops of their houses near Fleetwood was capsized and one of the occupants, name unknown, was drowned.

The rush of the waters was so rapid and unexpected that but few had time to seek safety on the higher lands, and it is feared that many who are now missing have been drowned. At this writing it is impossible to ascertain the loss of life or the value of the property destroyed. Many families have been rendered homeless. Traffic on the Santa Fe road is completely blocked.

The Osage on a Tear.

VERSAILES, Mo., June 10.—The Osage River is reported higher than for many years. Bottom farms are overflowed, and wheat fields entirely under water. Great loss must result from destruction of crops and fences and railroad ties carried off by the high water.

Sane Enough to Hang.

LOUISVILLE, KY., June 10.—J. Levy James, colored, was hanged at Fulton, Ky., at 5:47 o'clock this morning. He walked firmly upon the scaffold, the trap was sprung and his neck broken. He was pronounced dead in 14 minutes.

In November, 1889, he had a fight with some unknown man and was badly beaten. He got a revolver and, searching at the depot he saw Thomas Garvin, a man from Chicago, who was there on business and waiting for a train, and mistaking him for the other, shot him dead. He escaped but was captured at New Orleans. He was convicted and sentenced to hang November 21, last, but was adjudged insane. Later he became sane and the execution was set for to-day.

Mistaken for a Burglar.

MONTGOMERY, ALA., June 10.—Col. R. H. Abercrombie, of Tuskegee, Ala., spent last week and a portion of this with his son-in-law, Dr. D. H. Baker, at Gadsden, Ala. On Tuesday night while the colonel was walking in the garden, he was mistaken for a burglar by Dr. Baker, who shot and instantly killed him. It seems he has long had a presentiment that he would die a violent death. Many years ago Colonel Abercrombie had the misfortune to become involved in a personal difficulty with a son-in-law, when the latter was shot and almost instantly killed.

Sam Small in Arrears.

ODEN, UTAH, June 10.—The committee appointed by the M. E. conference, which has just closed, to audit the accounts of Sam Small in connection with the university, reports that it finds him in arrears over \$1,000. It was decided that no action should be taken in the erring minister's case, but that the latter be left with the Georgia conference for whatever settlement Sam's brethren in the south deem best.

Fooled the Lottery Man.

CINCINNATI, O., June 10.—Last week the lottery office in Covington, Ky., received a false message purporting to be from the Evansville dealer to discontinue reports of drawings. At the usual hour the Evansville dealer received the report of drawings in cipher forwarded by a confederate in Covington. The Evansville man is said to have lost \$2,500 by this forgery.

Killed in the Jail.

MANTOWOC, WIS., June 10.—Frank Jelinek and Hermann Bluttig, both of whom were awaiting trial for burglary had a quarrel in the county jail yesterday. Jelinek struck Bluttig on the throat with a pointed stick which entered his lung and killed him.

An elegant supper was served at the Hotel Maywood, which was greatly enjoyed by the large crowd present. There were a number of toasts and the responses were all good. The readers of the INTELLIGENCER will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.
